Project Name	AGRICULTURE DOCS CHAIN

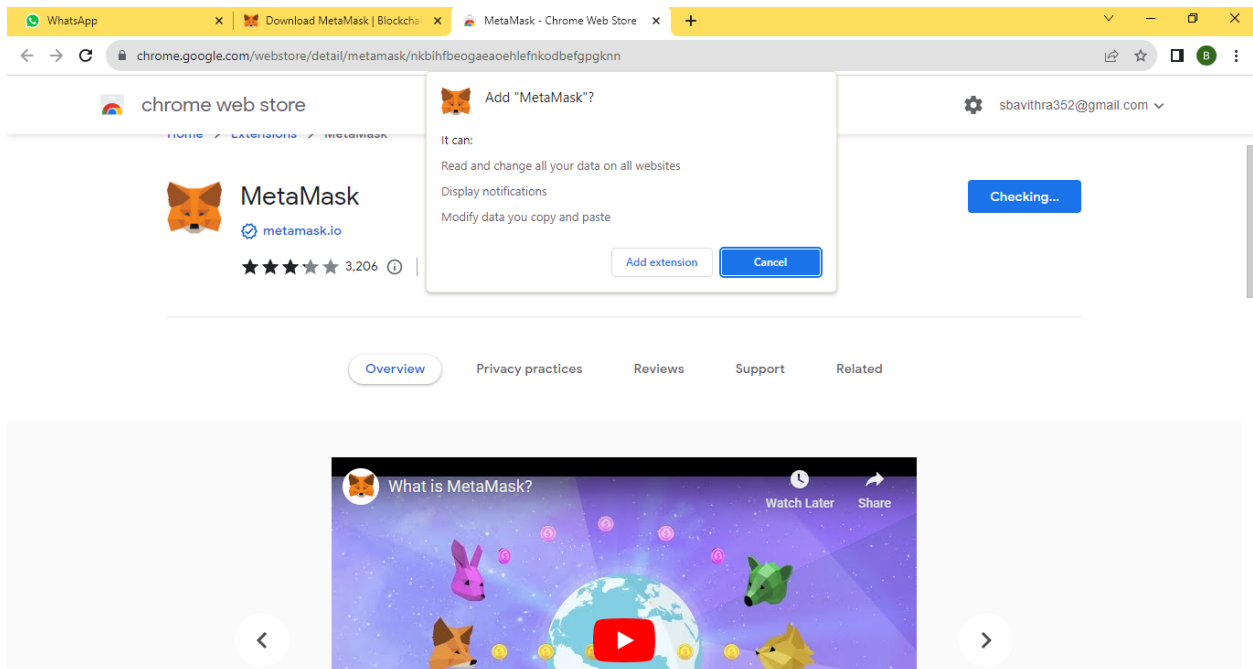

STEP 1: Open Metamask By Click The Link

STEP 2: Download The Metamask

STEP 3: Add To Metamask Extension

STEP 4: Agree To Download

The screenshot shows the MetaMask onboarding screen in a browser. The browser's address bar displays the URL: chrome-extension://nkbihfboegaeaoehlfknodbefgpgknn/home.html#onboarding/metametrics. The page content includes a list of privacy policy points:

- ✓ Always allow you to opt-out via Settings
- ✓ Send anonymized click and pageview events
- ✗ **Never** collect information we don't need to provide the service (such as keys, addresses, transaction hashes, or balances)
- ✗ **Never** collect your full IP address*
- ✗ **Never** sell data. Ever!

Below the list, a paragraph states: "This data is aggregated and is therefore anonymous for the purposes of General Data Protection Regulation (EU) 2016/679."

A footnote explains: "* When you use Infura as your default RPC provider in MetaMask, Infura will collect your IP address and your Ethereum wallet address when you send a transaction. We don't store this information in a way that allows our systems to associate those two pieces of data. For more information on how MetaMask and Infura interact from a data collection perspective, see our update [here](#). For more information on our privacy practices in general, see our [Privacy Policy here](#)."

At the bottom, there are two buttons: "I agree" (highlighted in blue) and "No thanks".

STEP 5: Create To Set Up The Password

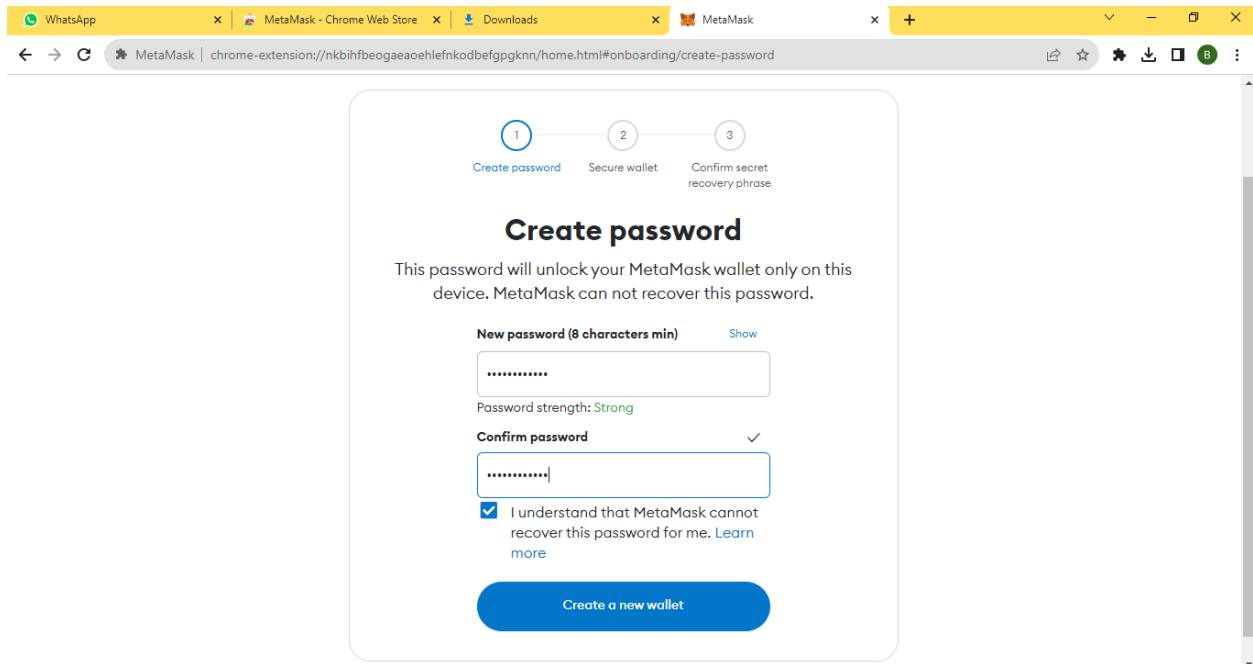

The screenshot shows the MetaMask "Create password" screen. At the top, a progress bar indicates three steps: 1. Create password (active), 2. Secure wallet, and 3. Confirm secret recovery phrase.

The main heading is "Create password". Below it, a warning states: "This password will unlock your MetaMask wallet only on this device. MetaMask can not recover this password."

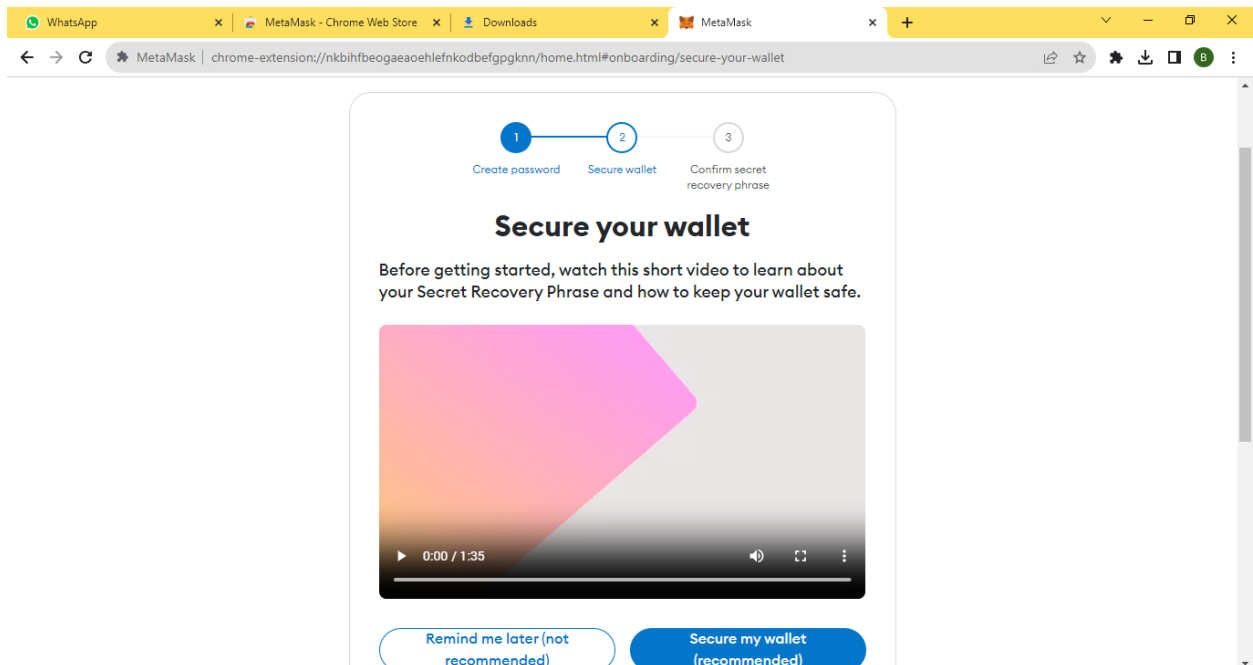

The form includes two input fields: "New password (8 characters min)" and "Confirm password". A "Show" link is next to the first field.

Below the fields, there is a checkbox with the text: "I understand that MetaMask cannot recover this password for me. [Learn more](#)".

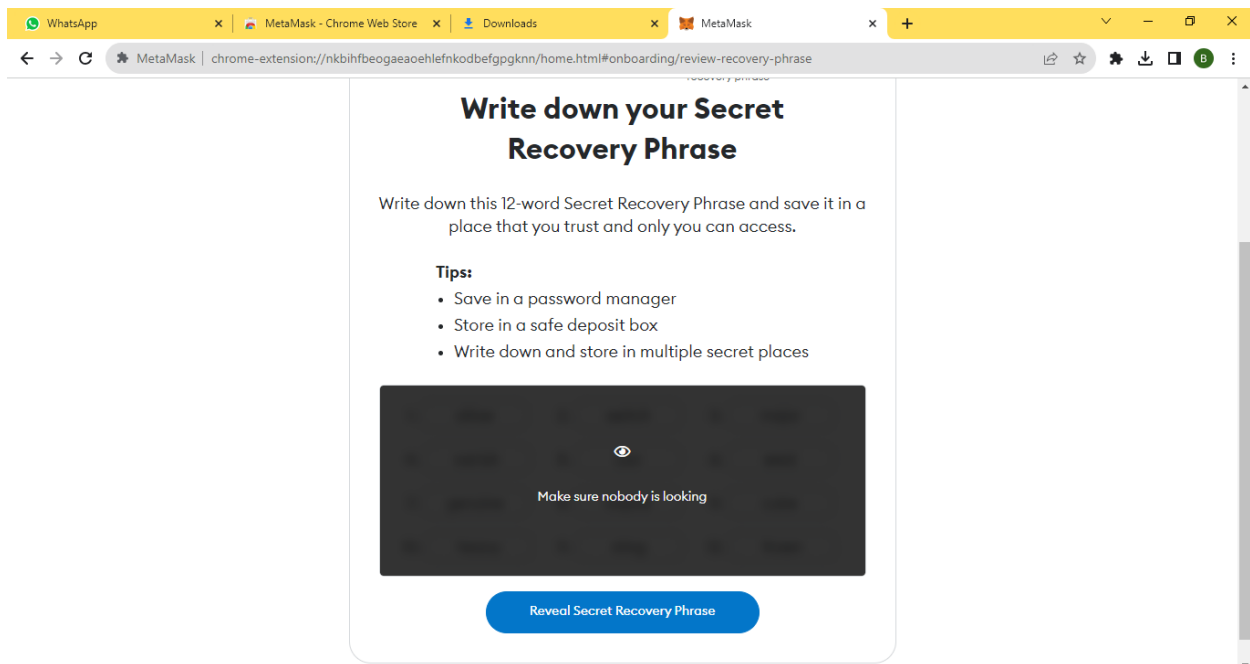

At the bottom, there is a blue button labeled "Create a new wallet".
